

# GOING DEEPER

ACTS Israel Tour 2018

## **DAY ONE: DEPARTURE FOR ISRAEL**

On this day we leave for Israel.

As I write this in summer of 2017, Sunworld is comparing flights. We know that our journey from Vancouver will have an intermediate stop. We will fly either to Toronto and then on to Tel Aviv, or we may go direct from Vancouver to a European gateway such as Amsterdam or Frankfurt and then to Tel Aviv.

### **Key Thought for Day One**

*God has things he wants you to learn over the next days. Spend some time on the flight over in prayer. Ask the Lord to be your teacher in the days ahead as we visit*

The airline and its pilot will pick the specific route, but you can click on the map below to see a typical route for a flight from Toronto going to Israel. The route will be adjusted, of course, if we stop in Germany.

Most often the approach into Ben Gurion airport is directly from the west over the Mediterranean. We cross the coastline and quickly drop down for landing.

### [Journey Map for Day One](#)

Even after many years of travelling around the world, the first time I caught a glimpse of Israel was a thrill. “Wow! There it is. The land of Jesus!”

## **Day Two**
